CONSTRUCTION SITE SUPERVISOR

FLSA STATUS: Hourly

Pay: \$18 to \$20 per hour

HOURS/WEEK Full-time (32+ hours weekly), Monday – Friday with occasional Saturdays

ABOUT HABITAT

Habitat for Humanity brings people together to build homes, communities, and hope. Habitat partners with families in our community to help them build strength, stability, and self-reliance through affordable housing. Habitat homeowners help build their own homes alongside other volunteers and pay an affordable mortgage.

GENERAL DESCRIPTION

The Construction Site Supervisor is responsible for the oversight of the daily construction tasks and the supervision of volunteers. This position serves as a leader and coach for volunteers, as well as provides assistance to the Director of Construction to ensure the job site is run effectively and efficiently. At times, this position will complete hands-on construction tasks and other times teach and observe volunteers completing the tasks. The position also works closely with Critical Home Repair and the Volunteer Coordinator and is part of the Construction team.

OVERVIEW OF KNOWLEDGE AND RESPONSIBILITIES:

1. Leading Volunteers:

- Lead / supervise in construction tasks
- Ensure volunteers are safe, productive, and happy
- Understand the elements that contribute to successful volunteers and help to ensure that volunteers have a consistently positive experience thus motivating them to return
- Conduct daily safety trainings with volunteers
- Respond to specific skills and interests of the individual volunteers
- Gives clear direction and sets a consistent standard of acceptable craftsmanship
- Checks volunteers' work and provides positive feedback so jobs are done correctly
- Foster positive homeowner / volunteer interactions, include homeowner in process
- Appropriate involvement for each task: self-performing vs. working with vs. hands-off

- Provide training for all volunteers including crew leaders and partner families
- Treat partner families with respect and dignity. Strives to make their construction involvement meaningful and remind crew leaders of the same
- Work with Volunteer Coordinator to schedule volunteer groups to assist with specific build dates
- Notify the Volunteer Coordinator of upcoming volunteer and skill needs.
- Track sweat equity hours with homeowners

2. Construction Skills

- *General* knowledge of the home building process and work involved in completion of a home such as framing, drywall, door and window installation, trim, flooring, etc.
- Oversee quality control for all aspects of construction
- Communicate with Director of Construction regarding on-site issues, updates with subs, material status, deliveries, schedules, and inspections
- Organize site to be clean and functional to prevent accidents with volunteers and others on the job site and to ensure daily operational readiness
- Use materials efficiently, keep materials properly stored, return unused materials
- Set and meet specific goals for critical tasks
- Find ways to finish houses thoroughly and quickly while reducing call backs for incomplete or unfinished work

3. Preparation / Organization

- Prepare sites daily before volunteers arrive to ensure productive day
- Plan task list and material lists for following day and week
- Communicate daily with Director of Construction to ensure proper materials are ordered and on-hand to keep jobs moving smoothly
- Maintain a safe, secure and healthy site by adhering to and enforcing the safety program
- Participant in weekly construction team meetings
- Regularly submit monthly construction expenses and allocate build costs to appropriate lots

PHYSICAL REQUIREMENTS TO PERFORM DUTIES

Physical requirements are those that are present in an outdoor construction environment, including hard-hat areas and exposure to heat, cold dust and noise. Activities require maintaining physical condition necessary for lifting to 75 pounds, ability to work on wet or uneven surfaces, and the physical agility necessary to construct a home. Sufficient visual acuity and ability to hear is necessary to assure safe operations and activities on work site. May be regularly exposed to high decibel noise, such as power tools. Tasks may require ability to operate motorized equipment.

Additional Physical Actions: Standing, Bending, climbing ladders, lifting bulk objects, Repetitive manual actions associated with hand tools, computer work and driving.

Preferred:

- A commitment to the mission and values of Habitat for Humanity
- 2 to 3 years' experience
- Experience in supervising projects
- The ability to set priorities and exercise flexibility where necessary
- Ability to read and understand blueprints, schematics, and construction documents
- Understanding of proper safety procedures and recognition of hazards
- Complete the Safety Awareness/Competent Person Certification course from Habitat

Additional

- Ability and willingness to work with a diverse group of volunteers
- Ability to teach and coach volunteers on the worksite
- Strong people skills, patient and tact in motivating volunteers
- Ability to step back and let volunteers do the work
- Must have a valid Wisconsin Driver's License and insurable under affiliates automobile insurance policy
- Must pass a Criminal Background Check and a Sexual Offender Check

EEOC Statement: Habitat for Humanity of Washington and Dodge Counties, Wisconsin County does not discriminate based on race, color, creed, religion, sex, sexual orientation, national origin, age, familial status, or ancestry.
